BSMS was founded on the principles of behavioral science over 25 years ago in the United Kingdom. In 2005 BSMS relocated our worldwide headquarters to Franklin, Indiana right in the crossroads of America.

We bring measurable improvements in safety, increased productivity and savings to companies worldwide by improving safety performance. Currently we have a presence in 5 continents and are focused on partnering with organizations both domestically and internationally.

BSMS is experienced in improving industry safety cultures for:

- Oil and Gas
- Chemicals
- Construction
- Logistics
- Manufacturing
- Health Care
- Pharmaceuticals
- Many Others
